## Little Theatre Cast Is Named

Taking the leads in the Bay  
St. Louis Little Theatre's forth-  
coming production, "To My  
Husband" will be Frances Wal-  
ters as the "dishonored wife,"  
and Gary Taylor as the wan-  
dering husband. Both these young  
people have been seen in suc-  
cessful roles before local au-  
diences in the past.The comedy angle is afford-  
ed by the young husband's  
mother, who is in sympathy  
with her daughter-in-law con-  
cerning the age-old "eternal  
triangle" theme. This role is  
being done by Adeline Samuel  
with all the gusto that Mrs.  
Samuel is capable of putting  
into a character.Perry Taylor, as the third  
party of the triangle, gives ar-  
tistic credit to a role in which  
ingenuity must be pressed in-  
to service.Valuable support is given  
by Johnny Walls of Gulfport  
who enacts the part of the  
family friend, and Imogene  
Allison as the dim-witted  
nursmaid. Both do commen-  
dable jobs in their diversi-  
fied roles.In charge of back-stage equip-  
ment is Teddy Stechmann, as-  
sisted by Billy Lubbe. Jane  
Wiggins has taken over the  
script. Hilda Elwin the stage  
properties, and direction of the  
play is in the hands of Vicki  
Hill."To My Husband" was writ-  
ten by William Fulham of New  
Orleans and is scheduled for  
production on November 8th,  
9th and 10th at the playhouse

## LETTER

to the Editor

Dear Editor:

I recently was in your fine  
little town and liked it very  
much. I found your business  
people very friendly, and also  
found the people in the Court  
House very pleasant and help-  
ful.I am a man 66 years old and  
have been a carpenter for the  
past 46 years, but one year  
ago last July, I suffered a sun  
stroke, so I had to stop work-  
ing out in the sun. I applied for  
my social security pay and as  
I have two children in school,  
I am still able to keep up all  
clothed and fed.I do not know any real estate  
people from your section, and  
I am wondering if I could not  
find and purchase a small  
place from 2 to 5 acres where  
I could raise chickens and have  
a garden, etc.Will you please send me your  
advertising rates so I mightadvertisers for such a place in  
your surroundings as I fell in  
love with this section of the  
South.Yours truly,

### YOU CAN'T TAKE IT WITH YOU

We certainly agree with the Seville Chronicle, which says you can't take it with you. Nation's changing attitudes toward that fleeting willow-whisp known as cash by observing the methods men are using to convey it.

When we were young, men carried their money in a small leather receptacle called a purse. This had a steel clasp at the top that locked and unlocked only under respectable pressure.

Small children could be sent to the grocery carrying one of these with the certainty that no one but a strong adult would have access to the twenty cents (mother wanted a

pound of hamburger, a quart of milk and a loaf of bread) contained therein.

Naturally this purse intrusted to children was a simple, one or two compartmented model. Men of substance paid bills from a purse containing as much as six compartments, each opened separately by another section of the iron clasp.

Curious tradesmen, seeing Dad take the last dime out of compartment one, were still properly respectful, knowing that he probably had as much as five dollars in compartment six.

This division of the wealth was probably also a part of a rudimentary budget system, although we don't remember much talk about this until they started giving money to women.

As for growing boys sufficient to say that we carried all our money in the watch pocket of our knickers clear through high school. This always proved adequate, too!

Today men resort to something called a hillfold. This has space for a driver's license, a social security card, 20 lodge and club memberships, passes, credit cards, a photostat of your service discharge and a thin crease in the middle for folding money.

Most of them come equipped with a "secret" compartment (the location of which is advertised in all the leading national magazines) for big bills. People we know usually just take this out and give it to the kids to play with right away.

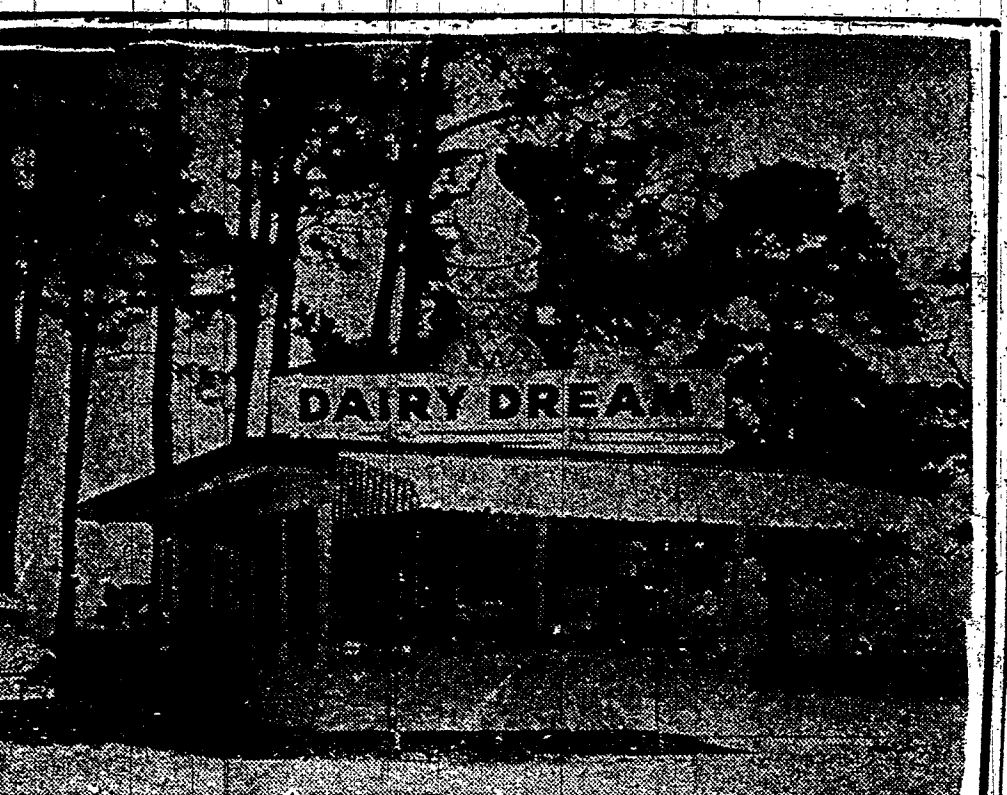

Change is carried loose in a pocket. This provides a bonanza for the person who cleans under the cushions in the divan, and also has led to a phenomenal growth in popularity of those low, modern chairs and hassocks to elevate the feet.

## Seeing Is Believing

**WATCH THE BIRDIE**—Assuming an air of nonchalance, Julius, a chimpanzee from the Detroit zoo, gets nudged by Tarzan, a brother chimp. With the help of a Detroit News' photographer, Thel Burget, the chimps have become quite adept with the camera act.

**SCOOP! BEAR TREES MAN**—Tourists driving near Cliff-dell, Wash., take a quick second-look when they see this scene. It looks like the real thing, but actually it's the skin of a long-dead bear, nipping at a straw-filled trousers and shirt. —(Wide World Photos)

### DR. C. M. SHIPP IS HONORED AS CENTER OPENS IN PICAYUNE

A \$78,000 health center was officially opened last week in Picayune with Dr. C. M. Shipp, Hancock and Pearl River counties health director, the honored guest.

For three years Dr. Shipp has fought to replace the old center in Picayune's city hall. Since it was located on the second floor it was inconvenient and hard on many patients to climb the stairs.

The one-story brick center "ought to last 50 years," Dr. Shipp said.

The director, who has been health officer in Hancock county for 32 years and 11 years in Pearl River county, was given a gold key to the city and an honorary citizenship to the city of Picayune by mayor Claiborne McDonald.

"I'm speechless. I've never had so many nice things happen to me in one day," Dr. Shipp said.

# LOYAL SERVICE

How often have you noticed employees of Mississippi Power Company wearing this emblem? Quite often, no doubt, because more than 450 of our employees having more than a 5-year service record are now wearing these emblems.

For more than a quarter of a century now we have endeavored constantly to provide our customers with dependable electrical service. We are confident that we have achieved that goal even though we continue to strive for further improvements. We realize that without the loyal and efficient service of our more than 650 skilled men and women we could not provide dependable electric service to our customers. Mississippi Power Company is proud of its employees and their records. This year 129 employees received new service award emblems ranging from 5 to 35 years.

Throughout our company our active employees' records of service are as follows:

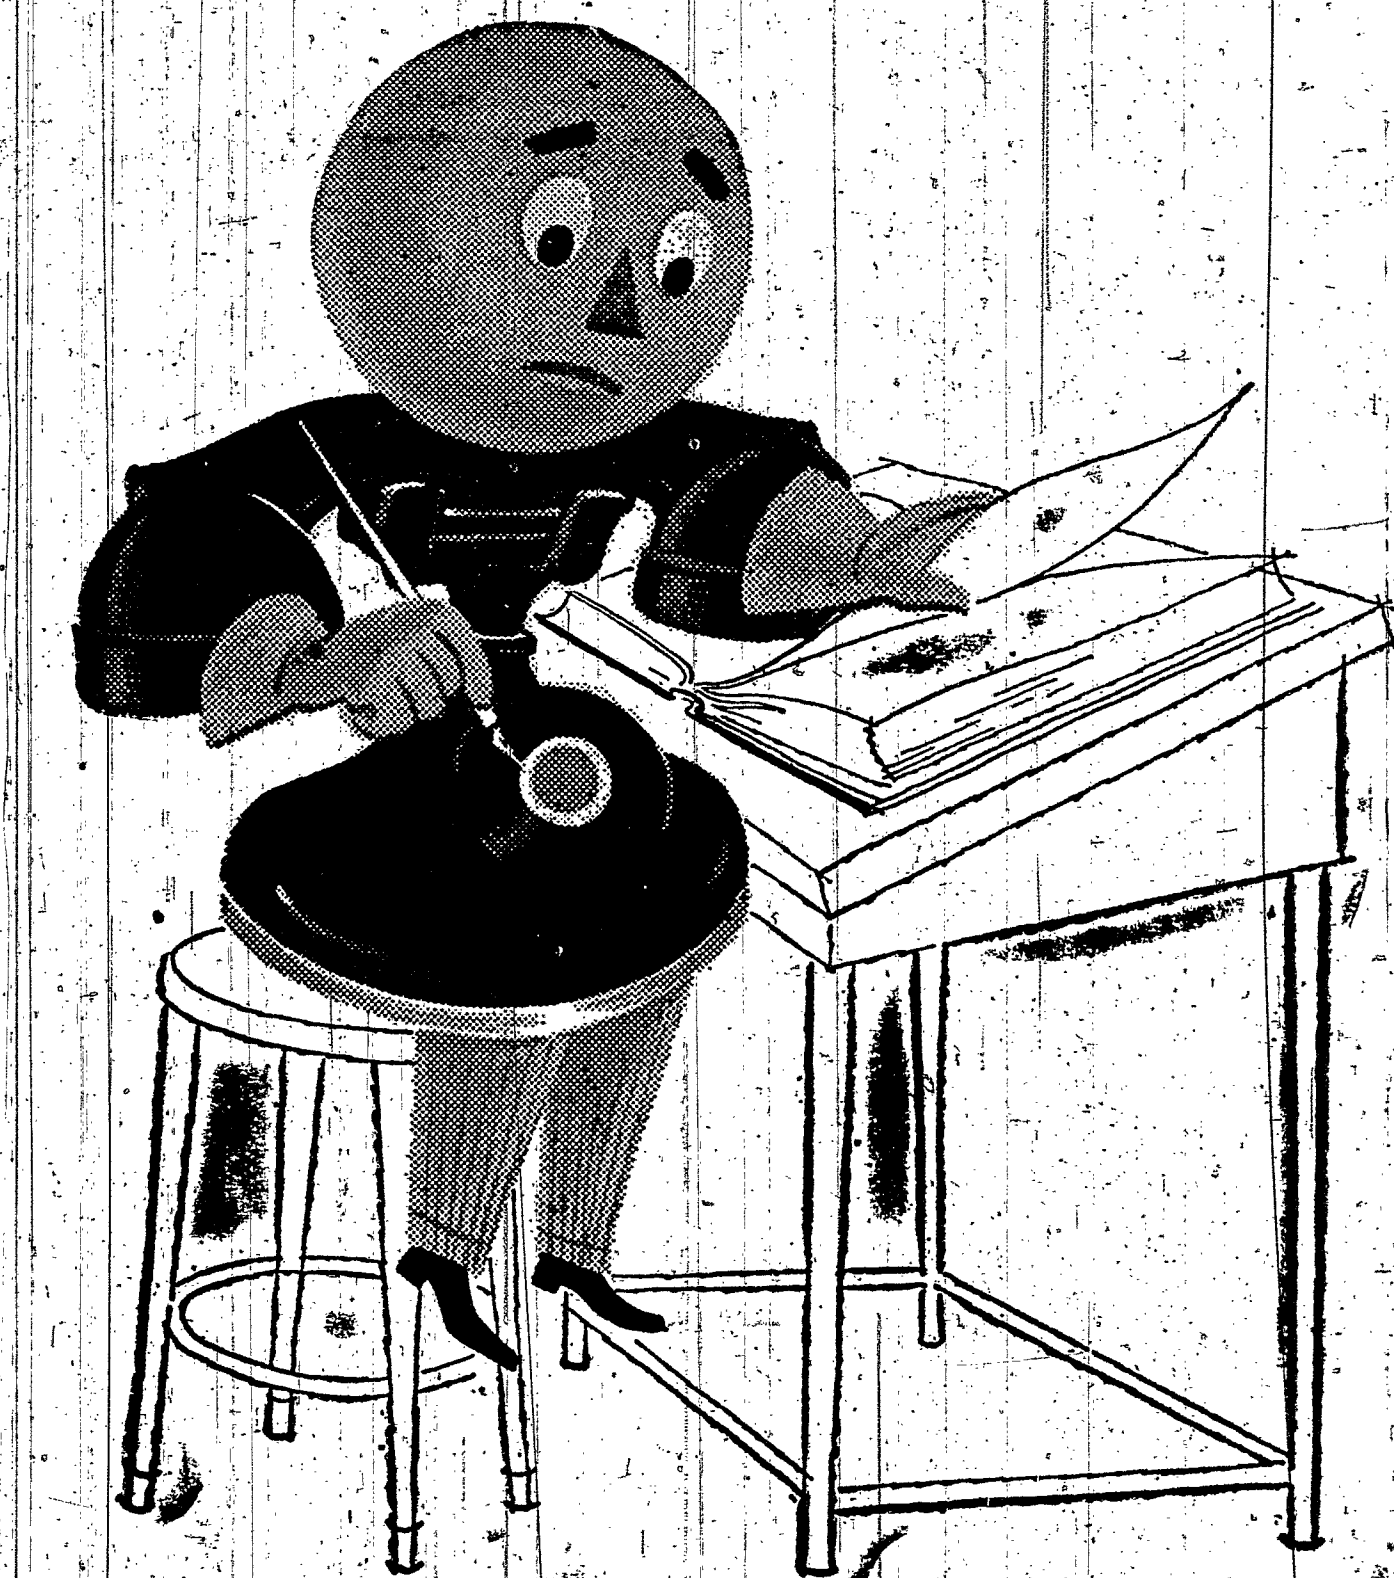

40 years and over	7 employees
35 to 40 years	10 employees
30 to 35 years	32 employees
25 to 30 years	44 employees
20 to 25 years	33 employees
15 to 20 years	48 employees
10 to 15 years	76 employees
5 to 10 years	203 employees

The skills of these men and women cannot be measured in dollars and cents. But to our customers they mean better living electrically — at the lowest possible cost, and a united team working diligently and continuously for the betterment of our state and its people.

## How long should Tommy's legs be?

Lincoln said that a man's legs ought to be long enough to reach the floor—but he didn't say what to do if they didn't... Now, take the case of Tommy Telephone—symbol of Southern Bell... Since 1949, three items alone—six wage increases, an income tax increase and cost increases associated with our additional investment in the State—add up to over \$7½ million a year. Additional revenue from rate increases fails to offset this by 4 million dollars a year.

This is a matter of serious concern to all Mississippians, because adequate earnings are necessary to keep telephone service good and to enable us to improve and expand it in step with the growth and progress of our State.

Since 1945, Southern Bell has spent over 108 million dollars to expand and improve its facilities to meet Mississippi's growing telephone needs... and we need to spend another \$34 million in 1956-57... This money does not come from customer payments for service but from people who are willing to let us use their money in expectation of a reasonable return. Our present return is not reasonable... it is low, and getting lower... So we are asking the Public Service Commission to make a thorough study of our revenue needs and to set new rates that will be fair to telephone users and to the Company.

Bay St. Louis—currently possessing two of the Mississippi Gulf Coast's powerful A-A-A, B-BB football squads—will have home town teams opening and closing a four-game coast football agenda this weekend.

Thursday night Lance Lumpkin's Tigers, tied for top position on the ten-team coast standings with Long Beach, whom they defeated last week, 20-7, were scheduled for a DeSoto conference encounter at Poplarville, while Sunday the St. Stanislaus Rockchaws will celebrate home-coming with an afternoon fray with Our Lady of Victories Eagles of Pascagoula.

Three Friday night games will see New Orleans Academy at Long Beach, Vanclave hosting Rocky Creek, and Pass Christian entertaining Wiggins.

Saturday night d'Iberville Warriors and the Notre Dame Rebels will have a Gulf Coast conference fire dance at Biloxi.

Displaying the best offensive and defensive machines the local gridiron has shown in many seasons, the Bay High Tigers surprised the potent Bearcats of Long Beach, 20-7, at St. Stanislaus Stadium Thursday night.

From the opening kickoff to the final whistle Lance Lumpkin's gridsters held the Bearcats spellbound and allowed Long Beach but 24 plays and four first downs.

After receiving the opening boot, Bay High marched 81 yards in 15 plays with Henry Monti grinding out yardage and Grady Perkins bucking over from the one for the score.

The 6-0 lead was never threatened and the Tigers went on to trip the Bearcats, who were previously unbeaten in four encounters. It was Bay High's fourth win in five outings.

Tiger's Pat Glover returned a kickoff and Long Beach, after one first down, having penetrating to Bay High's 41-yard line, gambled for another first and lost.

Again the methodically well-oiled Bay High offensive machine went to work and nine

plays later a 51-yard drive was climaxed with halfback Wayne Alliston plunging over from four yard out. Perkins then booted the second quarter extra point conversion and the Tigers led, 13-0 at halftime.

An excellent turnout had been waiting to see the much publicized Long Beach duo of Jerry Daniels and George Dewey—who together have tallied 107 points in the Bearcat's four games—and the bullet pin-point passing of Corlis Young.

On the second play of the second half the crowd saw what looked like the start of a final half rally.

With the pigskin on Long Beach's 45, Young broke around right end and just before being hit by a host of Tigers turned a lateral to Daniels who waited along the sidelines 55 yards for the cats lone touchdown of the evening. A Young-to-Randy Henderson pass accounted for the extra point.

Another Long Beach drive in the third canto was stopped by the alert Bay High line pounce on a loose pigskin on the Tiger's 20-yard line.

Moments later Monti completed a fast 80-yard march by cantering 20 yards for a TD and then scooted across for the point-after-touchdown to give BHS their winning score of 20-7.

However, the hungry Bearcats again tried to sneak back into the battle with a Young-to-Daniels aerial play covering 45 yards only to end with the 185-pound allstar halfback being hit from all points on Bay High's 15, and fumbling with the always-alert Tiger defensive group covering the ball and quelling a threat.

Friday night the St. Stanislaus Rockchaws rolled over to Biloxi and gave another all-star showing off offensive and defensive abilities, pricking the Notre Dame Rebels, 32-0.

Like Bay High Thursday night, SSC took the opening kickoff and marched for a touchdown. It took 11 plays to cover 85 yards and Alfredo Vasquez captured the honors with a 19-yard scoring jaunt.

Again like Bay High, St. Stanislaus tallied the second time the gained possession of the pigskin, and also early in the second act flashy Willie Rhodes dashed 16-yards for the TD. Still like the BHS Tigers an extra point, booted by Vasquez, gave the Rocks a quick 13-0 advantage.

But then Rubin Ruiz's Rockchaws began to pull away from the defending Gulf Coast conference champions and after Vasquez's field goal attempt failed from Notre Dame's 31, Herman Jacobi intercepted the ball on the final play of the half by galloping 23-yards. Vasquez converted the EP and the Rocks held a 20-0 mid-point margin.

Midway the third frame Herman Jacobi scooted 19 yards to widen the gap to 26-0 and in the final frame tackle Wayne Farve picked up a fumbled ball and raced 16-yards, giving the Rocks a 32-0 score.

It was a defensive Rockchaw team that paved the road for victory, as the Rebels were never able to place together two successive first downs, and allowed only five to the Rebels.

Other coastal battles saw Perkins AHS's Bulldogs falling for the fourth time, 34-0, at Ellisville and the Pass Christian "B" teamers edging Vanclave Bulldogs, 7-6.

Kenneth Cole scored a final period touchdown to give the Bulldogs a momentary lead, but Pass's Robbie Tolken later made an electrifying 95-yard scoring punt return and Jimmy McDonald scooped over with the all-important extra point.

d'Iberville's Warriors cantered to their second straight whitewash victory Friday, a 35-0 stamping of the Rocky Creek Bulldogs.

Pass Christian Pirates sailed to a 33-0 win over Columbia Training School with Pete Stegenga at the helm.

Saturday night Ocean Springs downed the last of the coast's unbeaten squads by defeating Our Lady of Victories of Pascagoula 18-13 at Freedom Field in a home-coming triumph.

## MISSISSIPPI OIL PROGRESS

THESE FIGURES ARE FACT

The tabulation given here graphically illustrates the contribution of the oil and gas industry through taxes to the state's economy.

Based on the Oil and Gas Severance Tax collected for the first eight months of 1956, this tax—over the biennial period of 1956-1958—would support the following appropriations made for that same period:

Junior Colleges	\$ 2,830,000
Vocational Education	2,300,000
Blind School	269,500
Deaf School	419,250
Crippled Children	211,500
Needy Disabled	200,000
Ellisville School	1,200,000
(for the feeble-minded)	572,000
Teachers' Retirement	1,500,000
Indigent Sick	1,400,000
Charity Hospital	200,000
Polio Vaccine	200,000
Spastic Children	400,000
Vocational Rehabilitation (of crippled persons)	595,280
National Guard	

Amounting to a total of \$12,297,530

All this... and still a return of over \$4,100,000 can be made to oil and gas producing counties.

Although young in years, the oil and gas industry pays its way—all the way—by carrying its fair share of the tax load.
